4th WORLD ARCHERY COACHING SEMINAR

The National Technical Commission

The FITARCO President suggests to Federal Council for the appointment of the Chairmen of the National Technical Commission, and all the Chairmen in charge of the different technical divisions, which are part of the Commission itself. At present time the NATIONAL TECHNICAL COMMISSION is made up by:

- *Sante Sigarelli - Technical Commission Chairman*
- *Luigi Vella- National Technical Director for the Recurve Division*
- *Stefano Carrer - National Chairman for the Youth Section*
- *Giorgio Botto – National Chairman for Field Archery&3D*

4th WORLD ARCHERY COACHING SEMINAR

Functions and missions of the National Technical Commission

- The Technical Commission is a corporate committee that meets for specific reasons.*
- The NTC can summon, according to specific necessities: the Presidents of the FITARCO commissions or non-member experts.*
- The National Technical Commission coordinates all competition activities, with all the other Federal components*

4th WORLD ARCHERY COACHING SEMINAR

Functions and missions of the National Technical Commission

The FEDERAL Council defines both the short and long term objectives. According to the necessities of the National and International calendars, and according to the year's budget it decides the global sum available for technical purposes

The National Technical Chairmen, together with the Elected Technical Representatives decide each division's programming.

- *Recurve Senior Division*
- *Junior Division*
- *Field&3d Division*

Functions and missions of the National Technical Commission

The Technical Commission is also in charge of :

- Selecting among the different Competition programs, in order to have a balanced distribution of its activities among its divisions and within all the National programming - both from an economic and technical point of view.*
- Deciding from year to year the evaluation criteria, for the athletes' acceptance on the different National teams*
- Deciding the criteria for the composition of the National teams, coordinating them with the different competition calendars*
- Deciding the criteria for accessing and remaining part of the Technical Federal Centre.*

Functions and missions of the National Technical Commission

- The Technical Commission submits for approval, to the Federal Council, the composition of the National teams.*
- The Technical Commission follows and monitors all Federal competition activities, so to suggest to the Federal Council any technical improvement, offering at the same time, any technical advice needed by the Council itself.*
